Call for Volunteers

The Western North Carolina AIDS Project is now recruiting volunteers for the 15th Annual Dining Out for Life® benefit on Thursday, April 27th! The event has been rated "Best Community Fundraiser" by Mountain Xpress for the past three years in a row and is WNCAP's largest and most high-profile fundraiser -- and now you can get involved!

WNCAP makes it easy to become involved by offering Dining Out for Life® training "parties" the last week of March. Volunteers are asked to attend one of three 1-hour training sessions, where they will receive their materials, review best practices, and have their questions answered in a friendly group setting with food and beverages provided.

For more information and to sign-up to become a Volunteer Ambassador at a participating Dining Out for Life® restaurant in your area, contact Chris at wncapvolunteer@wncap.org or call 828-252-7489 ext. 315.

Dine Out For Life on April 27th

You are cordially invited to join your friends, family, neighbors and co-workers on Thursday, April 27th 2017, for the 15th annual Dining Out For Life® benefit to support the mission of the Western North Carolina AIDS Project.

With over 100 local, independently-owned restaurants serving breakfast, lunch, and dinner in cities across Western North Carolina on this nation-wide day of HIV/AIDS awareness, there's a seat at the table for you and your loved ones for a delicious meal to support a fabulous cause.

You can find a participating restaurant in:

- Asheville
- Arden
- Black Mountain
- Hendersonville
- Highlands
- Maggie Valley
- Marshall
- Mars Hill
- Saluda
- Sylva
- Waynesville
- Weaverville

Eat local to support local!

Funds raised through Dining Out for Life® will help WNCAP continue our mission of providing prevention, education, and outreach for men, women and youth at risk for HIV/AIDS as well as support services for hundreds of families affected by HIV across 18 western counties.

RSVP on the Facebook Dining Out For Life® event page through WNCAP.

North Carolina Among Sickest States in U.S.

According to a recent report by the Centers for Disease Control & Prevention (www.cdc.gov), North Carolina ranks among the most diseased states in the country.

For prevalence in Sexually Transmitted Infections (STIs), North Carolina ranks:

- 2nd highest for Gonorrhea infection rates
- 3rd highest for Chlamydia
- 3rd worst overall score

It is especially important to know your status, whether it be for HIV or other STIs. Get your free HIV/Hep C/Syphilis test at WNCAP today!
